SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner of Patents
Washington, DC 20231

Dear Sir:

It is noted that the title of the document cited at page 2 of the Specification "Cascade Connection of Adaptive Array Least Square Combination and Non-Linear Interference Canceller and Characteristics" is the same document as cited in the Information Disclosure Statement filed December 11, 2001 "Combination of MMSE Adaptive Array with Nonlinear Interference Canceller and its Performance". This difference resulted from the former title being translated literally from Japanese title of the document.

The Applicants request that these references be expressly considered during the prosecution of this application and made of record herein and appear among the "References Cited" on any patent to issue herefrom.

Respectfully submitted,

James E. Ledbetter
